Mr. R. L. Brandt
Rt. # 2 Box 59
Grafton Station
Yorktown, Virginia 23490

Dear Mr. Brandt:

In order to complete our review of your application for a Industrial waste discharge certificate dated November 7, 1969, some additional information is needed. In order to determine if the settling pond system you are providing has a sufficient capacity for treating all surface run-off it will be necessary to have a good estimate of the surface area of the entire fly ash disposal site in question. Upon receipt of this information this application will be submitted to the Board for its consideration by letter ballot.

Thank you for your continued cooperation in this matter.

Very truly yours,

ORIGINAL SIGNED
